UNITED AGENT TRANSPORTS LIFE-SAVING DEVICE *A-Mrazek Volunteers Services to Help Save Baby*

ST. LOUIS – Earlier this month, Bemes, Inc., a supplier of respiratory, anesthesia, and critical care for the medical industry, received an urgent call from Newburg, Ind., requesting a life-saving ventilator for a two-pound premature baby who desperately needed the device. Because of the short notice, the company didn't have any available ways to transport the equipment. That's when A-Mrazek Moving Systems stepped in.

Located in St. Louis like Bemes, A-Mrazek called upon one of its drivers that was getting ready to head out onto the road. Driver Larry Bax packed the device safely in his truck and in a few hours, he delivered the ventilator safely to the hospital in Indiana.

Founded in 1904, A-Mrazek Moving Systems, Inc., offers a full range of moving and storage services throughout the country and the world. The company has more than 45 employees, 25 household goods drivers, 13 special services drivers and five local performance crews. More information about A-Mrazek and its services can be found at www.a-mrazek.com.

United Van Lines transports electronic equipment, trade show exhibits and displays, works of art, and specialized freight, in addition to household goods. United, with headquarters located in suburban St. Louis, maintains a network of 1,000 affiliated agencies in 135 countries around the world. More information about United and its services can be obtained through the company's Web site at www.unitedvanlines.com.
