## **UNIGROUP, INC. LAUNCHES 'ZERO HOUR EXPEDITED SERVICES'**

ST. LOUIS — UniGroup, Inc., the parent company of United Van Lines, recently launched Zero Hour Expedited Services, a specialized service for high-value and special commodity shipments requiring accelerated transportation. The launch of the service was announced by Pat Larch, president of United Van Lines.

“We are pleased to offer this specialized service to our current customers and potential customers who have shipments that need expedited service,” said Larch. “This is just one more way the UniGroup companies continue to prove they are truly a one-stop shop for all transportation, relocation and logistics services. In fact, we began booking business on the second day of operation.”

With Zero Hour Expedited Services, customers will experience the same full-service quality they have come to expect from United. Through 24-hour customer service, customers have immediate access to information and service. Zero Hour can handle time specific deliveries for trade shows, just-in-time (JIT) manufacturing shipments and critical shipments that require extra care. The logistics team utilizes the right equipment for each customer’s unique needs including inside pick-up and delivery.
