CORRIGAN MOVING SYSTEMS RECEIVES VENDOR AWARD FROM PRIORITY SOLUTIONS

TOLEDO, Ohio – Corrigan Moving Systems, an agent for United Van Lines, was recently named a winner of Priority Solutions International Vendor Award Program. These awards, given to those vendors who work with Priority's Solutions' Traverse City, Mich., division, single out industry leaders who go above and beyond in servicing Priority and its clients. Priority Solutions International is a leading global supply chain management company. Corrigan's Perrysburg/Toledo office was awarded the Small Vendor award.

The Priority Solutions vendors have committed their organization to the industry and embraced the challenges faced within the industry today. Many have been with Priority for 15 or more years and have played a significant role in the company's success, said Karen Nemecek, director of pharmaceutical services for Priority Solutions.

"Priority Solutions' vendors are truly part of the Priority Solutions family and we look forward to continuing to build a lasting and profitable relationship," Nemecek said.

Vendors are divided into large, medium, and small categories based on the number of deliveries they perform for Priority Solutions each month. Vendor performance is measured monthly through vendor management numbers. Priority Solutions manages vendors to the "perfect order," ensuring for its clients the most efficient and secure supply chain.

The vendor with the best performance measurement at the end of the year, for each size category, is honored with this recognition.
